

Carmignano di Brenta, January 10, 2012

Dear Customer
Location

Subject: REACH Regulation (CE) No 1907/2006

In implementation of the REACH Regulation, we inform our customers that our company, being technically an end user, has taken steps to inform our suppliers in order to ensure the proper sensitivity to this issue and a timely and complete information about the substances / preparations, used along the production chain.

SIR SpA has made known to its suppliers its own scope of applicability and informed them about the precise uses and scenarios of exposure of the substances used in the final products, implementing the "Use Descriptor System" as defined in Chapter R.12 of the REACH Regulation:

- Areas of Use: SU3 – SU10 – SU12 – SU23
- Types of Preparations: PC32
- Categories of the processes : PRC5 – PROC8 – PROC14 – PROC22
- Categories of Articles: AC13/1 – AC13/2 – AC13/3

Under REACH Regulation, we inform our customers that our products meet the requirements of the "Candidate List of SVHC" as published by ECHA on 28 October 2008, last updated on the december 19, 2011.

We also confirm that none of the substances there listed is intentionally added during our production process and that, according to our knowledge and information, they are not present in the raw materials used.

We would like to point out to our customers that we will not be held responsible for any possible mixing of our products with additives and other substances by third parties after the products have left our premises.

The contact person for the REACH legislation is Mr. Mario Baggio (rqa@sir-plastics.com).

Yours Sincerely.
